1. The Thai Government is heeding French information that the Chinese Communists and Vietnam leadership have formed a general staff, which has already started infiltrating agents into Thailand through the northeast. As a result, the CID has formed a Special Suppression Unit for the northeast. This unit is now undergoing training.
2. It is estimated that about 30 percent of the Chinese now in Thailand would like to go back to China when the civil war is over, regardless of who is in power. The Chinese do not feel that Thailand is friendly toward them.
